

Juuway – the team

Maren – Business Development Director / Germany

Maren has held several technical and commercial positions in companies like KMPG or n-tv in Germany, but also at exotic employers including the State Opera in Ulan Bator, Mongolia. Her experience from founding and setting up her own Call-Center and from several consulting-cases for small and medium sized companies she now contributes to Juuway. As often as possible she relaxes in her idyllic cottage at the German island Usedom, or makes her friends happy with home-made desserts and sweets.
