

## **Juuway – the team**

### **Tiger – President**

Tiger, born in 2011, was once a street dog. She got hit in a car accident, was found by Stefan, recovered very soon and is a member of the Juuway team ever since. Tiger started her career from the scratch, performed in an outstanding way and finally became President of Juuway in 2012. She loves running around, teasing other dogs, protecting the office and – of course – she goes for all kinds of food, especially big bones.
